14th Annual Symposium - 2005

Emerging Trends in Wireless Networks

Call for Registration

Wireless is the latest buzz in the industry, with mobile subscriptions overtaking the fixed network subscriptions in many places. Wireless is no longer just synonymous with voice communication; wireless data networks are catching the industry imagination. Wi-fi, Wi-MAX networks are now a reality and are increasing the user base enabling further extensions. Newer technologies like Wireless Sensor networks; Mobile Adhoc networks (MANETs), RFID are expanding the scope of wireless networks. This progress in network evolution demands enhanced architectures, optimal network management, newer protocols throwing open challenges for experts.

IEEE Bangalore Section Annual Symposium 2005 will offer opportunities for students and professionals to delve in to the intricacies of the heterogeneous wireless networks and the emerging applications and services they deliver in the following sessions:

Emerging Wireless Networks **Emerging Network Management Systems**
Emerging Mobile Device Technologies **Emerging Wireless Services**

Symposium offers Industry invited talks on future trends in Wireless networks by technology leaders from Intel, Siemens, Motorola, Lucent, IBM , Infosys, ADC -Krone, D-link, etc.

24-25 November 2005
Hotel Capitol, Raj Bhavan Road, Near GPO, Bangalore

Symposium Fees

IEEE Members:	Rs. 800*	**Registration includes coffee/tea & lunch on both days of the symposium**
